

## Stobbs Nominated as Labor Candidate for Rocky Mountain Dist.

Majority Vote at Coleman Preliminaries Decided in Favor of O'Sullivan, Communist Candidate—Blairmore Nominating Convention Decides on Stobbs

Joseph Stobbs, employed by West Canadian Collieries at Bellevue, but who lives in Hillcrest, was nominated at Blairmore on Monday evening as the candidate of the Canadian Labor Party for Rocky Mountain constituency, by a vote of 19 to 2.

F. J. White, M.L.A., provincial member of the C.L.P. executive, of Calgary, addressed the meeting in support of Mr. Stobbs' candidature, and it is reported that C. R. Christophers, former member, would not stand for re-election, owing to having made other plans.

The delegation from Coleman were supporting the Communist candidate, John O'Sullivan. On Sunday a meeting was held here, at which delegates to the nominating convention at Blairmore were appointed, and this meeting was in favor of the Communist. James Fairhurst, who had been looked on as the likely choice of Coleman members of the C.L.P., was present, but owing to indifference by those who are not allied with the Communists, there was not sufficient support to nominate him.

Frank Wheatley, president of the Mine Workers Union of Canada, addressed the meetings at Coleman and Blairmore.

Action by Liberals and Conservatives in Rocky Mountain cannot be forecast, as no action has been taken and there has been no sign of life by supporters of either party. There have been rumors of both combining and nominating a candidate.

Another confusing situation is the report that John O'Sullivan, Communist candidate for Rocky Mountain, will also run in Drumheller, where the official Labor candidate is Archibald F. Key, editor of the Drumheller Mail, who secured the nomination from three who were in the field. An independent is also running there.

The Communists, it is reported, consented to withdraw their candidate in this constituency if the Labor candidate would favor the Communist program, but the C.L.P. supporters would not consider this. It would therefore lead color to the rumor that O'Sullivan may run in two constituencies. Nomination day, June 9, will clear the air.

### Wister Classic Is Great Film

"The Virginian" Scores Hit at Rialto  
—Gary Cooper in the Title Role.

With big city night life, metropolitan underworlds and the life behind the footlights furnishing a plethora of themes for audible moving pictures, it is a welcome interlude when an all-talking film such as "The Virginian" comes to town.

"The Virginian" is deserving of even more than comparative praise, however. Its value as high type entertainment does not lie alone in the fact that it is different from the general run of pictures. Its value as entertainment lies in its own intrinsic worth as a talking picture fabrication of rich romance, epic drama and immortal humor.

Here is a picture that "get you and holds you," as showmen say. It is a faithful reproduction in talking film of the renowned novel by Owen Wister and the play by Wister and Kirk La Sells. That alone should be recommended enough for any doubting Thomas. Nearly everyone is familiar with the story. "The Virginian" opens at the Palace on Thursday evening for three days run.

**"THE LOVE PARADE"**  
HAS RICH SETTINGS  
Settings rich beyond the dreams of the most visionary of interior decorators have been provided for the talking screen's first original musical romance, "The Love Parade," to be shown at the Palace soon.

"The Love Parade" is a tuneful extravaganza of the intimacies and intrigues about the throne of a very modern mythical kingdom, or rather quendom, with Jeanette MacDonald playing the queen and Maurice Chevalier starred as her military attaché, who is recalled from a foreign capital for having been involved in numerous scandalous affairs with the lovely ladies of the diplomatic circle.

W. L. Rutledge of Calgary and T. Birnie landed on the local field on Monday with a Curtis-Robin cabin plane. They were on a survey trip over this route and on reaching Crow's Nest the visibility was so bad owing to rain that they turned back and landed here. The stiff head wind retarded their progress, registering 60 miles per hour at an altitude of 4000 feet. They returned during the afternoon to their home port at Calgary.

## The Rockies Are Calling You

The combination of the extremes of natural and white man and all within a few miles of either hotel. You may live plainly but well on food packed into the wilds by horse or you may dine on exotic dainties drawn from the ends of the earth. You may be strictly formal or you may wander around in plus fours—everything goes, whether you are admiring the moonlight on snow-crowned peaks or listening at your ease to a cosmopolitan dance orchestra playing the latest blues. Anyone visiting either of these hotels has laid in a memory that will last a lifetime. Lay-out shows, left, view from Chateau Lake Louise; lower right, the Banff Springs Hotel.

### Local Players Delight Audience in Anusing Three-Act Comedy

"Wedding Bells" Given Splendid Reception and Caste is Highly Commimented on Success.

The presentation of Salisbury's three-act comedy, "Wedding Bells," by Coleman players was accorded an enthusiastic reception by quite a large audience.

In the cast were several who have appeared in former productions here, and the new faces behind the footlights who were making their debut as players carried their parts wonderfully well, particularly Miss Hilda Clifford as Marcia Hunter, who insisted on marrying someone, when she discovered her first love was divorced.

Miss Margaret Reid as mother of Marcia had just the right inflection of

voice to give color to the part of the shocked matron who sternly disapproved of divorce. Rowland Hill as the love-mitten poet who wished to marry Marcia carried his part with the absent-minded and shy air of an inexperienced youth becoming enmeshed in love entanglements of women who were more worldly-wise than he. Catherine Milley in her first appearance is deserving of praise, taking the part of Hooper, the lady's maid, in a very engaging manner.

J. Leslie Price, though having a minor part as Fuziski, the observant Jap, played with unobtrusive yet

### Victoria Day

Saturday, May 24, being a Dominion Holiday, all business places will be closed. Do your week end shopping on Friday.

### Grand Lodge Convention Fior D'Italia Is Holding Sessions

Lodges of Italian Order from Alberta and British Columbia Gather Here.

Opening on Sunday with nineteen lodges represented, the Ordine Indipendente Fior d'Italia held its grand lodge convention during the week, in which keen interest has been taken by the delegates and others attending. The visitors are being entertained and extended hospitality by Coleman members, and it will probably be the end of the week before the business is terminated.

Lodges represented by delegates were: Loggia Dante Alighieri, Muraco Antonio; Loggia Giacomo Matteotti, Pietro Gigliotti; Loggia Cristoforo Colombo, F. Pippolo; Loggia Vittoria Emmanuel, Giaufrancesco Pasquale; Loggia Mutus Soccorso, Giuseppe Rosetti; Loggia Leonida Bissolati, G. Pontarollo; Loggia Adelaide Cairoli, Gisa Santopinto; Loggia Duca d'Arzuzi, Domenico Beruschi; Loggia Circolo Operaio, Giuseppe Pallone; Loggia Societa Operaia, Angelo Toppano and Giuseppe De Cecco; Loggia Cristoforo Colombo, Francesco Provenzano; Loggia Enrico Caruso, Giacomo Saudino; Loggia Cesare Battisti, Vevhio Francesco; Loggia Societa Operaia, M.S. Conestio Sciarretta; Loggia Giovanni Gacoto, Napoleone Galli; Loggia Felice Carelotti, Angelo Fioretti.

The ladies' lodges represented were Loggia Stella d'Italia, Coleman, Maria Montalbetti; Loggia Speranza d'Italia, Boretto Conestio; Loggia Rose d'Italia, Giulia Baceda.

### COLEMAN TENNIS CLUB

The official opening of courts will take place on Saturday, May 24, at 2 p.m.

A mixed doubles American tournament will be held and it is hoped that as many members as possible will take part.

By kind permission of the convenor of the entertainment committee tea will be served during the afternoon.

Mrs. Williams, a former amateur champion of Ireland, has kindly consented to play in an exhibition match.

## Preparing for Prov. Election Thur. June 19

James Ford of Coleman is Returning Officer for Rocky Mountain—Voters Lists Being Prepared

Preparing for a general election entails a vast amount of work which the general public has very little knowledge of, and when the average voter marks his ballot he (or she) gives little thought to the work that precedes election day.

James Ford, returning officer for Rocky Mountain electoral district, has been busy during the week appointing enumerators in the 26 polling subdivisions, which extend from the Crow's Nest Pass east to Lundbreck, and north along the eastern slope of the Rocky Mountains to beyond the main line of the Canadian Pacific Railway, taking in Lake Louise, Banff, Canmore, Bankhead, Exshaw, Seebe and Kananaskis, in addition to all centres in the Crow's Nest Pass from the B. C. boundary.

The enumerators must prepare voters lists in triplicate and submit for two days when the lists are revised, so that all interested parties may see that correct revision of the list is made. They are paid on the basis of 7c per name in city and town polling sub-divisions.

In addition officers for every poll must be appointed and polling booths arranged for. This work entails an expenditure of thousands of dollars, and a vast amount of detail work, yet so efficiently is the system devised for recording the vote that once set in motion the election machinery runs like a well-oiled machine, and very few complaints are registered by the public.

Under the system as in force in Canada, absolute freedom of choice is afforded in nominating and voting for candidates, for all work is carried on by those appointed on an impartial basis. Party organizations use their own methods for rallying the vote, the government providing the necessary facilities whereby every qualified voter can register his choice. Every shade or section of public opinion therefore has an equal chance, and it is a voter's own fault if his vote is not recorded.

Nomination Day is June 9th, and election day on June 19th. Enumerators for Coleman are W. J. White and Harold Turner, who are now engaged in making up the voters lists.

W. Hoggan was a visitor to Lethbridge at the week-end.

### Notice of Preparation of Assessment Roll

Town of Coleman Assessment Roll, 1930

Notice is hereby given that the assessment roll of the Town of Coleman for the year 1930, has been prepared and is now open for inspection at the office of the secretary-treasurer of the town, from ten o'clock in the forenoon to four o'clock in the afternoon on every day which is not a public holiday, except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessment of extra assessed value placed upon any property for year 1930, must within thirty days after the date of this notice lodge a complaint in writing with the secretary-treasurer of the town.

Dated this 21st day of May, 1930.

JAMES FORD,  
Secretary-Treasurer

### The Farm For The Farm Boy?

Every once in a while some pulman car philosopher comes along with a few suggestions on how to remedy the evils with which agriculture is supposed to be afflicted, and frequently winds up with a peroration containing some gratuitous advice to "keep the boy on the farm."

All of which might be all right if the itinerant sinner were fully acquainted with the conditions of the country which he calmly surveys from the window, the conditions of the industry about which he descants so easily and freely, and the trend of the times, about which he may, or may not know anything. If, however, he were so well posted he would probably tell the newspaper reporters that he has "nothing to say on the subject today."

Now this question of "keeping the boy on the farm" is not a new one, and it has a good many angles to it, some of which are well worthy of a little reflection by the individual before he decides whether the boy should be kept on the farm, and if so, how to go about it.

The first question that naturally arises is: "Should the boy be kept on the farm?"

This query opens a great realm of speculative thought and examination long before the sequent answer: "How is it to be done?" can be satisfactorily dealt with.

It can be said at the outset, without fear of contradiction, that not all boys are fitted for life on the farm, physically or temperamentally, despite the fact that the farm affords an outlet for the expenditure of a wide range of talents. To try and bind such youths down to a life with the soil is akin to shipping a consignment of flannel vests and fur coats to the niggers of Equatorial Africa, and about as useful.

And what about agriculture itself? Does agriculture need, and can it offer suitable rewards and satisfaction to, all the boys who are born on the farms of Western Canada?

Here again is a question which has an important bearing on the problem of taking care of the future of the rural youth. Fifty years ago a single farmer could only raise enough produce to feed a handful of people. Today, with the use of highly mechanized and highly powered implements, one farmer can feed a host, and the trend in the direction of increasing the productive power of the individual in the realm of agriculture is neither recording a halt nor a swing in the other direction.

If science, combined with improved business management, is going to continue to widen the scope of the individual engaged in agricultural production, the time may come when a very considerable proportion of the lands reared on the land will have to look elsewhere for a vocation.

Then, even more than today, the question of determining the fitness, or otherwise, of the rural boy for bringing forth the fruits of the earth, will assume a greater importance. As has happened in other industries in the flux of time and change, those best adapted by nature and preparation to agriculture will be those who will stay with the industry, and they only.

The others will find other fields more suited to their talents and inclinations. If the foregoing diagnosis of the trend of the times is correct, it is very fortunate that the Western Canadian provinces have within their borders an infinite variety of resources awaiting the application of the initiative and courage bred in our youths, for their recovery and conversion to the services of mankind.

It is also fortunate that coincident with this tendency to reduce the man power on the farm, a marked development is taking place in industrial life in the west which, along with the development of the resources already referred to, will afford an ever widening outlet for the energies of young manhood.

Progress has always been marked by evolutionary changes of this kind. Usually they bring discomfort to some, but this is inevitable. It is useless to try to stem the forward march. The wise attitude is to try and discern what present day trends may bring in the future and take advantage of the opportunities they may afford.

These are questions which, no doubt, are receiving serious consideration by those responsible for the conduct of education in rural districts. The wise educationist is not content with taking things as they are for granted, but is looking to the future and making adjustments which the necessity of tomorrow may dictate.

### Will Study Canadian Method

Soviet Government Interested In Dr. Barnes' Ice Destruction

Dr. Howard T. Barnes is planning to go to Russia, for a two year stay, if satisfactory arrangements can be made to take care of his Canadian interests, he announces. A commission has been appointed by the Soviet Government for the study

of Dr. Barnes' method of ice destruction and his personal supervision by the engineers in charge has been requested.

As Dr. Barnes now occupies only an honorary professorship at McGill University, Montreal, there will be no difficulty in that quarter, but he has a research institute of ice engineering in Montreal, and the appointment of a principal to replace him there is a duty that must precede his departure.

### In Different Form

A diamond, a lead pencil, and a piece of coal are made of the same stuff. These three things are really carbon in different forms, and are just as much one as ice, liquid water, and water vapor. All over the world we can find things which look very different, and yet actually, they are just one and the same thing in different forms.

### Stunts Planned For This Year

One Man Plans To Walk Across English Channel

It looks as if 1930 is going to distinguish itself as a year of amazing stunts.

Herewith are just a few of the things that carefree men and women are planning to do during the summer.

Fly an engineless glider across the Irish Sea from Holyhead to Dublin. Walk across the English Channel on water boots.

Cross Niagara in a miniature submarine.

Walk blindfold around the top of one of the tallest buildings in Britain.

A young airman, Mr. Alec B. Trafford, of Birmingham, is to attempt the dangerous feat of flying a glider across the Irish Sea. He has already had considerable experience in gliding, flying in Germany, and is now at work on the machine with which he intends to make his big attempt.

The man who is hoping to cross the channel on water boots is Mr. J. Hazzard, who has invented an ingenious device consisting of a pair of ordinary shoes attached to the tops of two airtight bags, which he inflates with a bicycle pump. To help him in his 21-mile stroll across the waves he will use a pole attached to another inflated bag. He will obtain refreshment from a floating quick-lunch counter, to be established somewhere near mid-channel.—From Pearson's weekly.

### PEOPLE "ALL NERVES"

What To Do If You Find Yourself In This Condition

The sort of thing that specialists call nervous debility is the run-down condition caused by over-work and household worries. The sufferers find themselves tired, low-spirited and unable to keep their mind on anything. Any sudden noise startles and gives the heart palpating violently. They cannot sleep well at night; their hands tremble and legs seem unable to support them. Such a condition is indeed pitiable.

Doctors of the nerves with sedatives is a terrible mistake. The only real nerve tonic is a supply of good red blood. Therefore the treatment for nervousness and the like is to be found in Dr. Williams' Pink Pills, which promptly build up and enrich the blood. The revived appetite, strengthened nerves, improved spirits and new strength which come after a course of these pills will delight every sufferer.

You can get these pills from any medicine dealer or by mail for 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

### Preparing Eggs For Storage

The new egg-candling and egg-processing plant at the Pacific Coast Terminals, Limited, is now in operation, preparing eggs for storage and candling them at the rate of 500 cases a day.

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels, they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

### Something New In Business

Renting overcoats has proved a successful business for a store at East Ham, London, England, during the recent chilly weather. The rate for use of the garments is the equivalent of four cents a day, and a small deposit is required. Many rent the garments for only one day.

### Could Hardly Live For Asthma

writes one man who after years of suffering has found complete relief through Dr. J. D. Kollege's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler.

### Value Of Timber Increased

Special timber cruises to establish the true value of timber holdings and the transfer from "wild land" to the timber land categories of certain areas in British Columbia have increased the assessed value from \$18,822,927 in 1927, to \$25,819,970 in 1928.

### First-Aid

For all pains and aches, foot troubles, cuts and bruises, or general massaging purposes, Minard's simply can't be beaten.

**MINARD'S**  
"KING OF PAIN"  
LINIMENT

## 24 Hours Ends COLDS

You can send the soothing vapor of the pine woods, to the cause of your cold by inhaling Catarrhazone.

Little drops of healing balsams are distributed through the whole breathing apparatus in two seconds.

Like a miracle, that's how Catarrhazone works in bronchitis, catarrh, colds and irritable throat. You simply breathe its healing, fragrant vapor, and every trace of congestion and disease flies as before fire.

### Catarrhazone

#### A Ten-Minute Relief!

No trace of the disease remains after Catarrhazone is used—no matter to clog the nostrils—no more headache and buzzing ears. Two months' treatment (guaranteed) price \$1.00; smaller size, 50c, at all dealers.

### A Blind Soldier-Lawyer

South African War Veteran Practices Profession In Ontario

Those who know him will never think of Colonel Lorne W. Mulloy, blind South African War veteran as sightless. Colonel Mulloy, long known to the British and Canadian peoples as Trooper Mulloy, is an active law practitioner at Iroquois, Ontario.

His pleadings take place largely in Cornwall, and one recalls that the first case he handled was as defending lawyer in a murder trial there.

When Colonel Mulloy came back from England after his Oxford studies, General Sam Hughes, then Canadian minister of militia, found him a post in the Royal Military College where he remained several years. He was used as a recruiting officer throughout Canada during the Great War.

Then he decided to study law, on the advice of his friend John Godfrey, K.C., of Toronto. The colonel read his law course in one year, which usually takes three years, and the Ontario Law Society called the distinguished soldier and scholar to the bar. He decided to live in Iroquois, which he knew from youth, and bought a fine old stone residence and garden on the banks of the St. Lawrence River at that place, changes in which he directed himself.

### Campers Carry Minard's.

#### Resting Place Of Steamers

Lord Balfour's desire to be buried on his own estates recalls the variety of attitudes statesmen have adopted towards sepulchre in Westminster Abbey. Bonar Law, a Presbyterian, and Gladstone, a convinced Anglican, both rest in the Abbey alongside the Pitts, Peel and Palmerston—Anglicans all of the Prussian type. Disraeli preferred a country church, and both Salisbury and Lord John Russell chose to lie with their ancestors rather than in the Abbey.

For Scalds Or Burns.—Dr. Thomas' Electric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from inflammation of various kinds. A bottle in the house and stable saves many a doctor's and veterinary fee.

### A New Motor Disease

"Driver's heel" is the latest disease. Rough roads, requiring constant working of pedals and controls, are responsible for this trouble, which can be very painful. Doctors with patients suffering from the new ailment are recommending that heel mats of some soft material should be provided by motor manufacturers, particularly for racing cars.

Why suffer needlessly? Douglas' Egyptian Liniment brings quick, sure relief to scald feet, soft corns and warts. Relieves inflammation. Removes proud flesh.

### Can Supply Canada's Needs

An investigation made by the Canadian Government Department of Mines shows the sodium sulphate deposits in Saskatchewan containing over 100,000,000 tons of natural hydrous salt, enough to supply the Dominion's requirements and to furnish a surplus for export. One of the chief uses in Canada of this "salt cake" is in the production of sulphate or kraft pulp.

If you do only what you're compelled to do, you're a slave; and the way to set yourself free is to do what you are not compelled to do.

### Peace Park At Border

Washington State School Children Subscribe Toward Its Establishment

Thirty thousand school children in the state of Washington, have subscribed ten cents each while their teachers have given twenty-five cents each, toward the purchase of 85 acres of land on the United States side of the border for the establishment of an international park at Blaine, on the International Boundary. The Trades and Labor Council at Vancouver were told by a visiting delegation from Bellingham, Washington, of the donations. It would be the first international park in the world, the delegates said, urging that an equal amount of land be provided on the Canadian side.

"If the same interest is taken on the Canadian side as on the United States side," it was stated, "the project will be a great success."

It was suggested that an annual celebration might be held by both countries at the park on the second of July each year.

Persian Balm preserves and enhances women's natural heritage of beauty. For sheer feminine loveliness it is unrivaled. Tones and rejuvenates the skin, and makes it exquisite in texture. Delightful to use. Smooth and velvety. It imparts a youthful charm to every complexion. Indispensable to all dainty women. Especially recommended to make hands soft and white. Delicately fragrant. Preserves and enhances the loveliest complexion.

### Around the Corner

Since the stock market crash last October, none of these economic and financial wizards have ventured to cheer us up with the yarn that "good times are just around the corner." It seems that no one has any idea what's around the corner—and never did have.

### Use Minard's for Burns.

Mark Twain once said that there were two occasions in a man's life when he could not understand a woman—before he marries her and afterwards.

In Baltimore, Ohio, there is a monument to Adam.

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is all, alkali, effective, yet harmless. It has been the standard antidote for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain de-

## BUDGET ADOPTED BY MAJORITY OF TWENTY-EIGHT

Ottawa, Ont.—The final budget of the 14th Parliament of Canada passed the House of Commons by a majority of 28 votes. Two members of the Conservative Party and one member of the U.F.A. group voted with the government.

Supporters of the government lined up solidly behind the fiscal proposals brought down by Hon. C. A. Dunning, Minister of Finance, May 1st. The vote stood:

For the budget, 114.  
Against the budget, 86.  
Opposed to the budget were the members of the Conservative party with the exception of Finlay MacDonald, member for Cape Breton, South, and T. E. Simpson, member for West Algoma. Both of these Conservatives represent constituencies in which the iron and steel industry is prominent. They had previously announced that they favored those provisions of the budget which they considered advantageous to their constituents, and consequently they supported the government.

L. W. Johnstone, Conservative member for Cape Breton, North-Victoria, had previously announced that he favored provisions of the budget which he considered advantageous to the iron and steel industry. Being paired, however, he did not vote.

H. J. Jelliff, U.F.A. member for Lethbridge, Alberta, supported the budget. Crowded galleries looked down on the stirring scenes which featured the final day of budget debate. Shortly after six o'clock the house had defeated the sub-amendment and amendment to the budget which were offered by the Progressive group and the Conservative opposition respectively.

The sub-amendment, sponsored by W. R. Fansher, member for Last Mountain, Sask., was amended under a vote of 177 to 19. Its entire support came from the Progressive, U.F.A., and Labor groups in the house.

The Conservative amendment, which was moved by Hon. J. R. Bennett, Opposition leader, met with a similar fate by a majority of 60 votes. In this case the division stood: For the amendment, 64; against, 124.

### May Increase Salaries

Postmaster-General Will Try To Secure Higher Pay For Postal Workers.

Ottawa, Ont.—Further attempts will be made to find a way to increase salaries of postal workers, Hon. Peter Veniot, postmaster-general, promised officers of the United Postal Employees of Canada after a conference extending over three days. Mr. Veniot pointed out that previous attempts to secure increases for the men have been unavailing owing to decisions of the civil service commission, but consideration would be given to alternative methods of attaining the desired result.

Indian Flier Reaches England  
Croydon, England.—The Parsee Indian flier, R. D. Tata, arrived by aeroplane alone from India, after a nine-day flight in an attempt to win a prize of 500 pounds sterling offered by the Aga Khan for the first solo flight by an Indian from India to England. The best times made by other contestants were 17 and 23 days, respectively.

### Pay Tribute To Explorer

Oslo, Norway.—Norway recently paid official tribute to Dr. Fridtjof Nansen, whose sudden death occurred May 13. The Storting, or legislature, held an extraordinary meeting at which President Hambro voiced the country's praise of the great explorer and humanitarian. The Storting's offer to pay the explorer's funeral costs was accepted by the Nansen family.

### Naval Parley Was Costly

London, England.—Cost of the London naval conference to the British public funds was almost a thousand dollars a day. Figures made public show the complete expenditure was £17,600 about \$33,000, or an average of £182 (about \$910) daily for a period of 91 days.

### Plans Are Questioned

Ottawa, Ont.—Proposed construction of a cold storage plant and fish wharf at Vancouver by the Vancouver Harbor Commissioners is the subject of a series of questions placed on the order paper of the House of Commons by Hon. H. H. Stevens (Cons., Vancouver Centre).

W. N. U. 1358

## Delegates To Labor Conference, Named

Selections Have Been Announced By Hon. Peter Heenan

Ottawa, Ont.—Gerald H. Brown, assistant deputy minister of labor, and Dr. W. A. Riddell, Canadian advisory officer resident at Geneva, will be the two official Dominion Government delegates to the 14th annual meeting of the International Labor Congress meeting at Geneva, on June 10 next.

Mrs. R. F. McWilliams, of Winnipeg, has been named to accompany three Eastern Canadian men as technical advisors to the official delegates. Announcement of the selections was made here by Hon. Peter Heenan, Minister of Labor.

Major J. H. Roaf, chairman of the British Columbia division of the Canadian Manufacturers' Association, is to attend the congress as representative of the employers of labor while Tom Moore, president of the Trades and Labor Congress of Canada, will represent the workers.

### Aviation Valuable To Canada

More Development Is Urged By Dr. W. R. Boyle

Saskatoon, Ont.—That Canada will gain by the development of the aeroplane and radio than any other country in the world, was the statement issued by Dr. W. R. Boyle, principal of the physical science division of the new national research laboratories at Ottawa.

He emphasized the value of the aeroplane and radio in bringing together certain parts of our country, which with its wide stretches of unoccupied territory would remain isolated and inaccessible without the aid of these two developments of science.

Dr. Boyle said that particular attention was being paid to aeronautics at the research department at Ottawa.

### Workers' Bill For Debate

Measure Has Been Referred To House Of Commons

Ottawa, Ont.—A measure respecting employment of Canadian workmen on Dominion Government contracts was referred in the House of Commons to the committee on industrial and international relations.

The sponsor of the bill, Dr. J. J. E. Guerin, (Liberal, St. Ann), informed the House that the measure was of serious interest to labor, especially in the City of Montreal. In brief the purpose of the bill, he proceeded, was to provide that there should be no age limit in respect to Canadian workmen seeking employment on government contracts.

### Will Holiday In Europe

Successful Western Farmers Going Back For Short Time

Toronto, Ont.—Fifty-five farmers, mostly from Alberta, and made up of Ukrainians, Finns and Central Europeans, have arrived here on their way to Europe. Travelling in ten automobiles, men, women and children, some of the latter barely remembering the land of their birth, are going back for a holiday tour after successfully establishing themselves on the land in Canada.

Starting from Edmonton, the party motored over a route carrying them through parts of the United States then crossing again.

### Would Use Old Law

Paris, France.—With a view to making France unhealthy for loafers and petty criminals, a bill has been introduced in the chamber which invokes a law of 1885 to the extent of imposing the choice between expulsion and permanent confinement at hard labor for any person who, having already spent at least six months in prison, shall have been convicted a second time.

### For Scott Centenary

London, England.—An appeal to Scotsmen throughout the world to subscribe five thousand pounds sterling (nearly \$25,000), towards a suitable and dignified way of commemorating the centenary on September 21, 1832, of Sir Walter Scott, the great novelist, has been issued by the Duke of Buccleuch, president of the centenary committee.

### Early Wheat In Alberta

Edmonton, Alberta.—Many of the early sown wheat fields of central Alberta are standing with even grain of excellent color to the height of two and three inches. According to the monthly crop report of the Journal, July 10 per cent. of the wheat is showing green and all is germinating evenly.

## Britain Has Refused Demands Of Arabs

Delegates From Palestine Told Proposals Were Unacceptable

London, England.—The British colonial office issued a statement declaring that the demands of the Palestine Arab delegation, which has been in London discussing the future of their fellow-countrymen, for constitutional changes were "wholly unacceptable."

At the same time the Arab delegation, which recently declared it had reached a deadlock in the negotiations, announced it would leave for Palestine on May 23.

The colonial office statement said the government had taken note of the Arab demands but had told the delegation its proposals could not be accepted "since they render it impossible for His Majesty's government to carry out their obligations under the mandate."

## RECONSTRUCTION OF C.N.R. WILL BE POSTPONED

Ottawa, Ont.—Without a division and with very little debate the Senate gave three readings each to the bills restoring the natural resources of Manitoba, Saskatchewan and Alberta to those provinces. They previously had been passed through the House of Commons as government measures.

Hon. A. B. Galt, acting government leader, in supporting the bills, said the provinces had been dealt with generously and fairly. It had been the government's desire to grant the provinces as wide power as possible and he was impressed with the spirit that animated the proceedings leading to the agreement.

Hon. W. B. Willoughby, Conservative leader, said the natural resources had been an acute question in the west for years, but he believed it had been settled satisfactorily. He referred to the fact that Alberta and Saskatchewan had been given the right to appeal to the courts on constitutional issues. The Manitoba Act, he pointed out, had been passed on by the Privy Council, but neither of the others had been interpreted judicially.

Hon. A. B. Galt reviewed the past history of the natural resources question in the west. Withholding of the resources under the 1906 incorporations had been disastrous to the provinces, and the present settlement was a complete justification of the stand taken by Sir Frederick Haultain when premier of the Northwest Territories. The provinces, he said, had been forced into direct taxation, and Saskatchewan alone now has a debt of \$70,000,000. If the resources had been given to the province in 1905, the sale of land would have offset the present debt.

### HER MAJESTY THE QUEEN AND HER GRANDDAUGHTER

Queen Mary and the members of the royal family have been once again brought strikingly into the spotlight of public esteem by the biography of her majesty by Charlotte Cavendish, recently published in London. Photographs above of her majesty and Princess Elizabeth, granddaughter of the Queen, are from Marcus Adams of London, England, and are reproduced here through courtesy of Toronto members of the Photographers of America.

### NEW HIGH COMMISSIONER

Hon. Vincent Massey, envoy to Washington, who has been named to succeed the late P. C. Larkin, as high commissioner for Canada in London.

## Papers Resent Action Of Scotland Yard

Protest Against Method Employed In Reference To Leakage Of News

London, England.—In connection with the probe into the leakage of news from government sources connected with the arrest of Gandhi in India, the Newspaper Owners' Association has raised its powerful voice against certain sections of the Official Secrets Act of 1920, under which the detectives secured their warrants to invade the home and question the newspapers. The association has adopted a resolution regretting the government action and calling it an unjustified interference of a journalist who collected his news by a legitimate and open method. The resolution expresses concern for the freedom of the press and demands amendment of the act in the public interest. A copy of the resolution was forwarded to Prime Minister Ramsay MacDonald.

The government and the two railways will share the cost of the journey as before.

### Will Hold Opium Conference

League Of Nations Council To Meet In December

Geneva, Switzerland.—Measures for strengthening the forces fighting the illicit opium traffic by calling up help from the "victim" countries were taken by the council of the League of Nations.

The council tentatively set December 1 for holding an international opium conference at which the chief matter for consideration will be a proposal to limit the world manufacture of narcotics to the world's medical and scientific needs.

### To Broadcast Story

Montreal.—The complete story of the approach of the R-100 to Canadian shores, her passage overland to Montreal and her attachment to the mooring mast at St. Hubert airport, as well as the reception ceremonies, will be simultaneously broadcast by 20 cities in Canada.

## Chinese Stage Battle

Winnipeg Is Scene Of Riot Between Oriental Factors

Winnipeg, Man.—Axes and baseball bats were wielded in Winnipeg's Chinatown as two Oriental factions clashed in riotous street warfare. Three Chinese were so seriously injured that they were taken to hospital, while numerous others were being attended at their homes. Seven Orientals are under arrest.

Rioting broke out shortly after midnight with two-score members of opposing political factions milling in the fray which began when two Orientals engaged in combat. From stores and residences in the surrounding area, within a block or two of the city hall, poured Chinese armed with axes, sticks and baseball bats. Several were knocked unconscious in the mob-clash.

Police arrived while the riot was in full swing and the battlers dispersed within a few moments, leaving injured men on the road and in the gutter. Fleeing combatants were arrested and the more gravely hurt were hurried to hospital. Condition of the three wounded men was reported as showing improvement.

## Survey Of Natural Resources In B.C.

Information Is Being Sought On Peace River Block

Victoria, B.C.—Under an agreement between the British Columbia government and the Canadian government, the Canadian National Railways and the Canadian Pacific Railway, announced by Premier S. F. Tolmie, a systematic natural resources survey of the Peace River Block will be launched almost immediately and carried on all summer.

The survey organization under Major C. R. Crysdale, which conducted the Pacific Great Eastern Railway survey of last summer, will handle the Peace River block investigation also.

The government and the two railways will share the cost of the journey as before.

"We need this information on the Peace River block before we can intelligently deal with the future of this great area of about 3,000,000 acres," the premier announced.

## SENATE AGREES ON RESOURCES BILLS FOR WEST

Ottawa, Ont.—It is not the intention of the government to proceed with the final reconstruction of the Canadian National Railways this year, Hon. T. A. Crerar, Minister of Railways, told the parliamentary committee which examined the estimates of the National system here.

The government had proposed to introduce a bill dealing with the amalgamation of the various constituent companies, but no progress having been made previous to the Easter recess, it was doubtful if that bill would now be dealt with in view of the approaching dissolution of parliament.

"I frankly confess," said Mr. Crerar, "that, assuming my duties as Minister of Railways in February, I haven't been able to get a clear idea of what is involved beyond the fact that it is a tremendous task."

"I doubt if the amalgamation will now be proceeded with, but it should be done next session."

Sir Henry Thornton, president of the C.N.R., informed the committee that as far as the railway was concerned all the investigations had been made in connection with the financial reconstruction and the company's recommendations were ready. Mr. Crerar, however, had had no opportunity to enquire into what was an exceedingly complicated problem. The situation now was one of simply determining what the government wanted to do. The executives of the C.N.R. had submitted their recommendations this year.

The problem of financial reconstruction had been under intensive study for the past six years and he did not suppose that any more complicated task had ever been undertaken on account of the large number of records, mortgages, securities of different terms and rates of interest. These had all been finally catalogued and straightened out. It was now at the pleasure of the government and the will of parliament. The company itself was prepared to go ahead with the matter.

The re-financing scheme did not involve the disturbance of existing issues.

## BRITISH PREMIER SATISFIED WITH NAVAL TREATY

London, England.—Prime Minister Ramsay MacDonald told the House of Commons the primary reason for the London naval conference which, he declared, was the United States' program of naval construction.

"We were perfectly agreeable that the United States should build to parity," said Mr. MacDonald, "but what had not been settled was: 'What was the program of parity?'"

"Many thought it was unnecessary to pursue the Washington agreement any further," continued the prime minister, "and they said: 'Why should we worry about the force America is putting upon the waters?' While this view was most attractive it was very unsound."

"If the whole world occupied to America the same happy relations that we did, and do, it would be a sound view, but, unfortunately, that was not the case. Whether we took notice of what America was doing or not, our nations would, with the building of these other nations we are concerned."

"Consequently we were forced to the conclusion that the foundation of real security was an international understanding between America and ourselves, such as we were able to effect at the London conference. That piece of work has been done."

"The spectacular effects would have been much greater if the London conference had not been from the beginning, only a three-power conference which would have been a high seas conference, pure and simple, between the United States, Japan and ourselves."

"But Britain could not obtain security by an agreement between the three powers only."

Washington, D.C.—Two grey-haired admirals of the United States navy, each with upwards of a half-century of distinguished service behind him, disagreed pointedly over the merits of the naval treaty in London.

Sounding the first note of protest from any official quarter, Rear Admiral Hilary P. Jones, long an outstanding figure among navy men, told the Senate foreign relations committee that he not only disagreed with many of the decisions of the London conference, but thought a different settlement would have been entirely possible.

At the time Admiral William V. Pratt, commander of the battle fleet, was advising the Senate naval committee that the treaty suited him, that he was satisfied to have fewer eight-inch gun cruisers than the navy previously had asked, and that on any conditions the United States delegation at London got the best it could.

### New Submarine Launched

Is First Of Its Class In The Royal Navy

Chatham, England.—The submarine, "Rainbow," 1,475 tons, first of her class in the Royal navy, was launched. There are three other submarines of this class and 12 others in hand. This total of 16 being designed to replace 36 submarines which will automatically become obsolete by the end of 1932.

If no further submarines are laid down than these 16, the British submarine strength will be cut from 50 to 30 at the end of 1932.

The naming ceremony was performed by Mrs. Addison, wife of Vice-Admiral Addison, director of dockyards. After a religious ceremony, a bottle of Australian burgundy was broken over the stern bow of the vessel and she slid into her element.

### No Change In Surveys

Ottawa, Ont.—Return of the natural resources to the western provinces, which is expected to bring an arrangement between the Dominion government and the provinces concerned regarding the continuation of aerial forest protection work in the west is having no immediate effect upon the air fleets of the government, for this year extensive plans are underway for the protection and survey of wide areas all over the prairies.

### Receives Fellowship

Winnipeg, Man.—Dr. Murray Clegburn, Balduin, Man., has been selected for a fellowship in Public Health in the Connaught Laboratories of the University of Toronto. Word to that effect was received by Dr. T. A. Black, deputy minister of Public Health, from Dr. Fitzgerald, director of the Connaught Laboratories and the school of Hygiene of the University at Toronto.

## Here and There

(523)  
Twenty-two days will be occu-  
pied by the annual tour across  
Canada to be conducted by Dean  
Sinclear Laird, of Macdonald Col-  
lege, when his party leaves the  
Windsor Street Station, Montreal,  
by special train over Canadian Pa-  
cific lines on Sunday, July 20. This  
year will be the seventh trip con-  
ducted by Dean Laird and, as in  
past years, will include automo-  
bile drives over the famous Banff-  
Windsor highway and from  
Field, via the Yoho Valley, to  
Lake Louise, as well as steamer  
trips across the Kootenay Lake to  
Nelson; from Vancouver to Victo-  
ria; and on the Great Lakes  
steampships from Port William to  
Port McNicoll.Spring seeding in the west is  
proceeding at a rapid pace, ac-  
cording to report at the end of  
April from the agricultural de-  
partment of the Canadian Pacific  
Railway at Winnipeg. Taking the  
three prairie provinces as a whole  
it was then estimated that 45 per  
cent. of wheat seeding is com-  
pleted, with some districts in south-  
western Alberta reporting between  
50 and 65 per cent. finished. Heavy  
showers have somewhat retarded  
progress in north-western Saskat-  
chewan.Twelve representatives of the  
New Zealand press are at present  
travelling through Canada via Can-  
adian Pacific on their way to the  
fourth Imperial Press Conference  
to be held in London, Eng., next  
June. The members of this party  
with their wives and children have  
been visiting Banff and Lake  
Louise in the Canadian Rockies.Contracts are let and grading  
has been started on three addi-  
tional branch lines of the Canadian  
Pacific Railway covering 145 miles  
in Saskatchewan and Alberta. It is  
announced by the company's en-  
gineering department. These new  
sections of railroad will provide  
facilities for passengers and  
freight into one of the richest agri-  
cultural areas now under settle-  
ment and will give compensation to  
farmers already settled in the  
area affected.With 1,969,200 pounds more fish  
landed in Nova Scotia during  
March, 1930, as compared with the  
same month of the previous year,  
fishermen of the province received  
a total of \$385,384 for their catch,  
according to the monthly report of  
the fisheries branch of the Depart-  
ment of Marine and Fisheries. To-  
tal quantity landed in March was  
9,473,000 pounds.The new Montreal Harbor  
Bridge, a two-mile span across the  
St. Lawrence River, built at a  
cost of \$12,000,000, will be formally  
opened on Victoria Day by Rt.  
Hon. W. L. Mackenzie King, Prime  
Minister of Canada. This bridge,  
work on which was commenced  
five years ago, is one of the longest  
and largest in the world.Marquis wheat still constitutes  
more than one-half of the western  
grain crop. This is shown by the  
test samples taken from 48 car-  
gones of Canadian wheat exported  
to England in 1928-29 and reported  
by the Dominion Department of  
Agriculture. The tests were made  
at the Dominion Experimental  
Farm at Brandon from samples  
collected by the Canadian Coop-  
erative Wheat Producers at ex-  
port ports.Support our advertisers, who by

ham this week.P. Fontaine of Big Valley is at-  
tending the convention here this  
week and visiting old friends.Mrs. Halton and Mrs. Clements  
of Pincher Creek were the guests  
of Mrs. C. F. Dunlop on Tuesday  
and paid a fraternal visit to the  
Rebekah Lodge in the evening.Mr. Melville Anderson, of An-  
derson & McLean, sight specialists,  
of Calgary, announces next visit to  
G. R. Powell's, Coleman, Tuesday,  
June 3rd. 20 years experience in  
regular visits assures you of satisfac-  
tion in all optical workRecently homing pigeons released  
at Lethbridge at 8 a.m. made good  
time on the flight to Coleman. The  
first, owned by C. Makin, arrived at  
9:40 a.m.; Anderson's at 10:50 a.m.;  
Roughhead at 11:47 a.m.; Pryde, four  
birds arrived at noon; Dewar, one  
arrived at 6 p.m.On Sunday another flight of pi-  
geons was released from Bow Island,  
and the first home was one of John  
Anderson's at 2:30. The birds had to  
battle against a heavy head wind and  
rain. Chas. Makin reports that on at  
least two occasions his pigeons have  
been shot at, and one bird has ar-  
rived home twice with wounded legs  
caused by gunshot. It is suspected  
that the shooting on both occasions  
has occurred in the vicinity of Pin-  
cher, and efforts are being made to  
discover the guilty party, and a re-  
ward is to be offered for information.The marriage of Miss Impi Lilya,  
of Coleman, and Mr. Clarence Huff-  
man, took place on May 9, the Rev.  
Mr. Smith of Blairmore officiating.  
The witnesses were Dorothy Johnson  
and Victor Lilya. On Thursday even-  
ing last a shower in honor of the  
bride was held at the home of Mrs.  
Clary, West Coleman, at which a  
large number of her friends were  
present. The young couple were  
heartily congratulated by their many  
friends, and wish them joy and hap-  
piness.

## Here and There

(519)

With a prepared acreage greater by 31 per cent. than that of 1929 a better moisture situation and other indications presaging general good conditions for the year, the Canadian West is now busy seeding, according to the latest report of the agricultural department of the Canadian Pacific Railway.

Nearly \$28,000,000 was voted by the Ontario Legislature recently for hydro-electric development work to be undertaken this year in the province for the Ontario Hydro-Electric Commission, a provincial government organization. Over \$18,000,000 is to be spent on the extension of the Niagara hydro system, upon which many millions have already been spent to provide cheap electric power over a wide area of rural and urban territory.

"There is a very large amount of capital in England ready for investment and it is felt in that country that it should go to Canada," said Major L. A. Jones, economic editor of the London Morning Post, who landed recently at Saint John from S.S. Duchess of Athol, on a trip to Canada for the purpose of fostering better economic relations between the Dominion and the Motherland.

Four new game refuges adding 500 square miles to the existent 640 square miles of game sanctuaries in New Brunswick are to be established in that province for the purpose of preservation of the game supply, according to information given out by Hon. Charles D. Richards, Minister of Lands and Mines.

Fish caught by commercial fishermen in Canadian waters last year had a value of about \$55,000,000. Over 100 countries bought fish and fish products from the Dominion in 1929, valued at \$28,000,000. More than 80,000 persons find employment in Canada in the fishing industry.

The wild rose is now the floral emblem of the province of Alberta. The provincial parliament has enacted the legislation making this flower which grows so profusely all over Alberta, the provincial symbol. Choice of the emblem was put up to the school children of Alberta and the wild rose captured most votes, with the tiger lily next in favor.

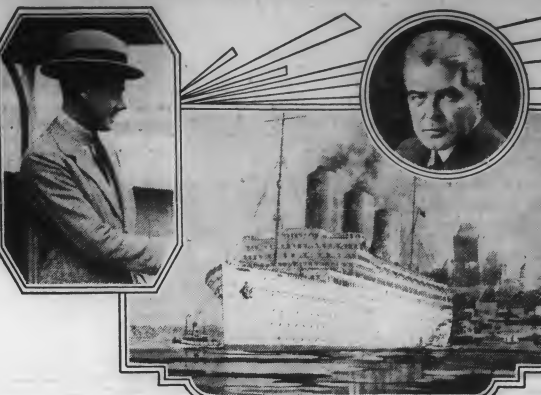

Homestead entries taken out through the Dominion Land Office at Edmonton during the month of March last broke all records for that month with a total of 277 homesteads and 19 soldier grants which compares with 230 homesteads in March, 1928, the previous record March.

Contrary to the general impression, Canadian investments in the United States are greater, per capita, than American investments in the Dominion. An official statement just issued shows that the average Canadian has \$100 invested in the United States and the average American about \$29 invested in Canada.

Something more than appearance will be necessary for grain to win a prize at the World's Grain Exhibition and Conference to be held at Regina, July 25 to August 6, 1932. All entries getting into the prize money at this exhibition will be expected, be in demand for seed. It is because of the importance of the effect of the selection of this prize seed to farmers in Canada and throughout the world that the Awards Committee has decided that the new standards will be supplemented by a growing test, which in reality is the test supreme.

The British Bowling team which has played 16 matches in Los Angeles in the last two months, losing five and winning eleven of the games, sailed for England aboard the Duchess of York recently. They came out to win the American Bowling Trophy, but the five games lost were in that event, and they must wait next year for another attempt.

## - Prince of Wales to Launch Empress of Britain -

A royal compliment to Canada as much as to the Canadian Pacific, was the opinion of E. W. Beatty, chairman and president of the Canadian Pacific Railway and chairman of the Canadian Pacific Steamships, Ltd., when announcing that His Royal Highness the Prince of Wales had consented to act as sponsor of the new giant liner of the Canadian Pacific fleet, the "Empress of Britain."

"We are greatly gratified," said Mr. Beatty, to learn that His Royal Highness has promised to find time to go up to the Clyde to sponsor our new ship. The Prince of Wales is one of the busiest men in Europe, and I take it that he has been led to do so out of his love for this country and his keen interest in all things Canadian."

The "Empress of Britain" will be the largest ship built in Great Britain since 1914.

The ceremonial launching, at which the Prince of Wales will be the central figure, will take place at the Clyde-side yards of John Brown & Company, the builders, on June 11, which, incidentally will be the first anniversary of the opening of largest hotel in the British Empire, the Royal York, Toronto, by the Governor-General of Canada.

The "Empress of Britain", besides being the greatest liner entering a Canadian port, will be the most palatial and up-to-date vessel afloat and, with her speed, will make possible a transatlantic crossing of five days or less between Canada and Great Britain, and will greatly shorten the journey between Europe and Canada and the Middle and Western States. The mammoth liner will be in service next summer, making regular voyages between Southampton, Cherbourg and Quebec.

By the new, up-to-date police signal system which Toronto officially took over the other day, with considerable ceremony, the Police Department is enabled to transmit a description of a stolen car, hold-up man or bandit to every man on his beat; this new system is also available for service every moment of the night or day for the conduct of ordinary routine business and communication of orders. The system is spread over the entire 32.8 square miles of city area, and is divided into twelve police divisions.

The pictures; upper left shows former Police Chief Col. Grassett receiving the golden key from W. R. Ostrom, District Manager of the Northern Electric Company who handed the system over to the Police Department; right, typical installation at street corner showing officer turning in a call. Lower left, the main switchboard and recording instruments; right, Col. Grassett putting in the first call, Mayor Wemp and Col. Draper, Chief of Police are seen at his left.

## DO YOU KNOW

That John Barrymore, who comes to the Palace theatre shortly in his first talking picture, Warner Bros. "General Crack" is:

1. The greatest Hamlet of this generation.
2. The younger brother of the famous Lionel and Ethel.
3. The husband of the lovely Dolores Costello.
4. The favorite nephew of the late John Drew, dean of the American stage.
5. The grandson of Mrs. John Drew, actress and producer.
6. The son of Maurice Barrymore, keenest wit of his time.
7. A devotee of deep sea fishing and a sailor of experience.

## WARNING

Camping or travelling is prohibited throughout the Crows Nest National Forest from April 1 to November 30, except under permit.

This action is taken under the provisions of Section 71 of the Forest Reserve Regulations as it is considered necessary in the interests of fire protection.

## WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver. Headache, Dizziness and Blisters surely follow. You must stimulate your liver, start the bile flowing with Carter's Little Liver Pills. They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps or pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 50c and 75c red packages.

## WORLD HAPPENINGS BRIEFLY TOLD

Sale of the Crown jewels of the Ottoman empire, valued at \$300,000,000 was forecast to raise money to relieve Turkey's financial crisis.

A movement is afoot to make the Watertown, N.Y., airport an official port of entry for Canada. At present pilots must fly to Malone to obtain clearance papers.

A protocol putting into effect the Young Plan has been signed at the French foreign office by Premier Briand, and the foreign ministers of Great Britain, Italy and Belgium.

Captain C. D. Barnard, pilot of the plane in which the Duchess of Bedford flew to Capetown, South Africa, and return, is planning to fly around the world in 30 days.

All school uniforms throughout China must hereafter be made of native cloth in order to encourage home industry, according to a circular order of the Ministry of Education.

The Montreal Star says on good authority that a representative British, Canadian and United States group is negotiating to purchase Labrador for \$100,000,000. The proposal will be submitted shortly.

An order-in-council issued by the Department of Agriculture, under the authority of the animal contagious diseases act, prohibits the importation into Canada of parrots, parakeets, cockatoos, macaws, lorries, and love birds.

It is learned in Tokyo that at London, England, a contract has been concluded with British and United States bankers for a bond issue of approximately \$20,000,000 yen (nearly \$125,000,000) to convert a loan falling due in 1931. United States and Britain were said to be about equal.

Installation of radio-beacons to facilitate night flying is expected at Forest, Manitoba, Regina, Saskatchewan, Morse and Bassano, Alberta, according to an announcement made by Inspector D. McLean, of the Civil Aviation branch. With the installation of these beacons night flying under all weather conditions will be possible.

**Business Is Growing**  
Deep-sea arrivals at the Port of New Westminster during March numbered 23 vessels compared with 17 in March, 1929. During the first three months of the year 69 deep-sea vessels with a gross tonnage of 343,453 registered in New Westminster compared with 48 vessels of a gross tonnage of 296,017 during the similar quarter of 1929.

"Did your girl friend enjoy the art exhibit?"  
"No, she couldn't find a mirror in the whole gallery."

## The Mohammedan Law

Egyptian Judge Rules Women Do Not Have To Be Educated

Girls having equal opportunity with their brothers for a public school and even a college education, should be thankful they live in a country of religious liberty, says a newspaper writer.

A mother in Cairo, Egypt, petitioned the court for an order compelling her husband to make financial provision for their daughter's education. The judge declined to issue the order on the grounds that Mohammedan law does not require a Moslem to educate the women of his family, and adds as his personal opinion that women should not be educated.

The Cairo judge, who places mental subjection, the most abject form of slavery, on a sex basis, would find himself sitting on a keg of dynamite instead of a bench in lands of growing sex equality.

The ideal state is the one in which opportunity for public service would be limited only by the ability of the individual to perform such service.

Miss Constance A. Harvey, of Buffalo, newly appointed foreign service officer, is assigned to Ottawa as American vice-consul. Miss Harvey received her appointment as the result of an examination which inquired into the matter of mental fitness, not of physical conformation.

## Winnipeg Newspaper Union

(By Eva A. Tingey)

## FRILLS AND FURBELLOWS

All Tingey models are created in Paris and sketched by her there. The patterns are made and adapted for American women in New York by American patternmakers.

Even though we won't go back (it is to be hoped) to trailing them in the mud, we have returned to a certain swiftness about the ends of our skirts. And it's really rather lovely to be able to flounce about, don't you think?

Here's a lovely little frock with a heap of jaunty to finish it. It can be belted where you please, too, natural line or lower.

Midnight blue moire was chosen for this model, with dainty collar and cuffs of cream lace. The frills were picot-edged.

Moroccan satin, crepe de chine, georgette, besides numerous printed effects could be chosen for this model. If the model is preferred without collar and cuffs, the V-neck can be finished with a bow of self material.

This pattern may be obtained in sizes 16 to 20 and 24 to 42. It is ready for immediate delivery. It is hand cut.

Pattern price 25 cents. Be sure to fill in size of pattern. Address: Pattern Department.

## Five Powers Sign Reparations Plan

Commission Disappears and World Bank Will Soon Be in Action

The Young plan for payment of reparations, reducing Germany's obligations for damages caused during the world war from something like \$25,000,000,000 to about \$9,000,000,000, has gone into effect.

A protocol registering the decision of the Hague conference, which adopted the plan January 2, was signed by the ambassadors of Great Britain, France, Belgium, Italy and the French Minister of Foreign Affairs, after a tea served by the French Foreign Minister, Aristide Briand.

The first consequence of this act, which modifies for a second time the reparations machinery provided by the Versailles treaty, will be the disappearance of the reparations commission which, in co-operation with other bodies, has taken charge of payments under the Dawes plan.

The second will be the beginning of functioning by the bank for international settlement at Basel, Switzerland.

The third will be the issuance of \$300,000,000 in reparations bonds, two-thirds of that going to creditor nations and the other third to Germany for internal requirements.

## Two Tested Recipes For Salad Dressings

Now that salads are the order of the day, really good recipes for salad dressings will be welcomed. A salad is often made or marred by the dressing used. The dressing used, so that tested recipes are very desirable. Since some prefer an uncooked dressing and others a cooked dressing, we give two recipes, both of which we know will please.

## SALAD DRESSING (Uncooked)

Two eggs beaten until light; 1/2 teaspoon salt; 1/2 teaspoon mustard; 1/2 can Eagle Brand Condensed Milk; 1/2 cup vinegar. Beat the first four ingredients vigorously for a few minutes, add the vinegar, stir well and set aside for a few hours to thicken. Excellent for fruit or vegetable salad. Will keep for weeks. For Russian dressing add Chilli sauce to taste.

## SALAD DRESSING (Cooked)

Half a tablespoon salt; 1 teaspoon mustard; 1 tablespoon flour; 1 tablespoon butter; 1/2 cup Eagle Brand Condensed Milk; 1/2 cup water; 1/2 cup vinegar; 1 egg. Mix dry ingredients, add slightly beaten egg, butter, milk, water and vinegar. Cook until thickened. Strain and cool. Whipped Cream or cream may be added before serving if desired. Yield, 1 cupful.

"If, as you admit, you were three miles away digging potatoes when this man was arrested for speeding, how can you testify that the car was going at the most only 20 miles an hour?"

"Judge, Ah used to own that car!"

Children of London recently attended a lecture on the home life of ancient Egypt and were shown balls and rattles which amused Egyptian babies of 2000 B.C.

Columbia exported 2,863,171 bags of coffee last year.

Coffee is made under heavy steam pressure in a French inventor's pot.

To go forward is important; to go straight is more important.

## PALPITATION

Throbbing of Heart After the "Flu"

Mrs. J. Cunningham, Sault Ste. Marie, Ont., writes: "Last February I had a severe attack of influenza which left me with palpitation and throbbing of the heart."

"I felt very weak and tired so began to take

**MILBURN'S HEART NERVE PILLS**

and used about six boxes and have found them help me a great deal, and am very thankful for having found such a good medicine."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Rewarded By Admiralty

Englishwoman Gave Valuable Information Regarding Movement Of Enemy Ships

A woman who sat for four hours by her telephone transmitting to Admiral Sturdee information which proved of great importance, in the Battle of the Falkland Islands, and fifty miles from the Mainland of South America.

She is Mrs. Creamer, formerly Mrs. R. S. Felton, the daughter of an English professor, who settled in the islands, which are about two hundred miles from the Mainland of South America.

Mr. Creamer told a press representative the story of his wife's presence of mind and initiative which resulted in the sinking of three German ships, and earned for her the silver aliver, which was presented by the Admiralty, and the Order of the British Empire.

"On December 8, 1914," Mr. Creamer said, "my wife was at home, in her farmstead, at Fitzroy, with her children, two boys, and a boy servant. Her maid reported to her that they had seen from a hill near by three German ships making for Fitzroy."

"Two of these were the Baden and Santa Inés. The third vessel is believed to have been the Sediltz—either a hospital ship or a transport."

"She immediately ordered the maids to saddle two horses, and to ride in relay to the top of the hill, and report to her every few minutes the ship's movements. Meanwhile she telephoned to the authorities, at Stanley, and her reports were rushed to Admiral Sturdee."

"She sat there for four hours, with her baby boy in her arms, while her messages directed the movements of the ships of the armed line 'Macedonia,' which set out in pursuit of the Germans."

"The enemy tried to steam at full speed, for safety, but the information which reached Admiral Sturdee, minute by minute, enabled the British ships to follow them. In a few hours, the 'Bristol' and the 'Macedonia' had caught and sunk the ships."

## Rivalry In Building

Plans Are Frequently Changed After Construction Has Started

The race to see which country shall build the highest skyscraper suggests the competition in New York to erect the highest skyscraper. It is known that plans for some of the tall structures are now changing the Manhattan skyline, were successively altered, even after construction had begun, in the light of news of competitors' intentions.

According to word from London, the White Star Line has adopted an entirely new set of designs for its giant "Oceanic," which is to be of 65,000 instead of 60,000 tons, as originally planned. It will be the world's first 1,000-foot vessel. The "Majestic," now the longest, is 915 feet. The "Leviathan" is 907, but the "Leviathans II. and III." to be built by the United States Line, will be 965.

## Proved Her Greatness

Late Emmeline Pankhurst Was Martyr To Good Cause

What remains unforgettable is that in her own person Emmeline Pankhurst bore the burden of a martyrdom that would be incredible to follow them. In a few hours, the "Bristol" and the "Macedonia" had caught and sunk the ships. Whether she addressed thousands from the platform or led twelve women into the horrors of Parliament Square, whether she marched at the head of a procession five miles long, or fought single-handed in the dark solitude of her prison cell, she gave always that impression of greatness which is inseparable from possession of unshakable conviction and invincible courage, and which makes the martyr of all the ages.

She—"Now that we're engaged, dear, you'll give me a ring, won't you?"

He—"Yes, certainly, darling. Er—what's your number?"

At a rough estimate the animals in the London Zoo represent a total value of about \$175,000, the Indian rhinoceros being one of the most valuable, costing more than \$5,000.

Silver fox farming is being introduced into Norway.

Hawaii has practically no unemployment.

The automobile speed record in 1903 was about 69 miles an hour.

Nearly 2,000,000 tons of rice were produced in Manchuria last year.

Crickets hear with their elbows.

## SUNDAY SCHOOL LESSON

MAY 25

JESUS DESCRIBES THE FUTURE OF THE KINGDOM

Golden Text: "Take ye heed, watch and pray; for ye know not when the time is."—Mark 13:33.  
Lesson: Matthew 24:1 to 25:13.  
Devotional Reading: Isaiah 65:1-3, 6-8.

## Explanations and Comments

The Parable Of The Wise and Foolish Virgins, 25:1-13.—The Kingdom of Heaven Jesus likened to ten virgins who went forth with their lamps to meet the bridegroom. Five of them were wise (prudent), and carried oil in their oil vessels, but five were foolish (imprudent), and took no extra supply of oil.

While the bridegroom tarried they all slept. There is no hint of reproach in this statement: the bridegroom might tarry a long time. Midnight came, and the approach of the bridegroom was announced. All the virgins arose and trimmed their lamps preparatory to going forth to meet him. The foolish ones then found their lamps were going out, and begged the wise ones to share with them their oil. But the wise virgins refused lest there might not be enough for them all, and counselled them to go out and buy oil.

While the foolish virgins went forth to buy their oil the bridegroom came: those that were ready went in with him to the marriage feast, and the door was shut.

A little later the foolish virgins arrived and begged to have the door opened for a while; but they were told, "I know you not," was the only answer they received.

Watch, therefore, for ye know not the day nor the hour. Be not found unprepared. "It is not enough to have loved for a while; we must have, in addition, a perseverance that never tires."—Calvin.

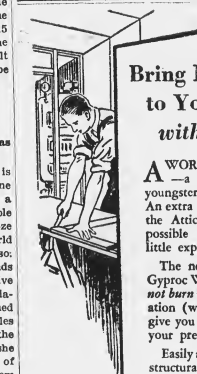

## A Growing Industry

Production From Inland Fisheries In Manitoba Shows Great Gain

While agriculture, the basic industry of Manitoba, together with manufacturing, mining, and other industries has advanced substantially in the province in recent years, the production from the inland fisheries has probably shown the greatest gain. In the past five years the fisheries production has increased more than 100 per cent. In 1924 the market value of the fish caught in Lake Winnipeg, Manitoba, Winnipegosis and other lakes was \$1,232,000, but last year it was \$2,634,000. In 1929 the commercial fishermen of the province caught 33,000,000 pounds of fish, a record for Manitoba, with a market value of \$2,634,000.

## Vancouver Port Busy

Commercial shipping entering the Port of Vancouver during March showed marked activity, the net tonnage being about a million. The movement showed 1,909 arrivals with a tonnage of 960,288. Deep sea arrivals totalled 106, with a net tonnage of 403,856.

## Bring New Rooms to Your Home with Gyproc

A WORK-ROOM for you—a play-room for the youngsters in the basement. An extra bedroom or two in the attic. These are now possible in your home at little expense.

The new Ivory coloured Gyproc Wallboard that does not burn and needs no decoration (when painted) will give you additional space in your present home.

Easily and quickly applied, structurally strong, it provides fire-safe walls, ceilings and partitions.

## Summer COLDS

Almost everybody knows how Aspirin tablets break up a cold—but why not prevent it? Take a tablet or two when you first feel the cold coming on. Spare yourself the discomfort of a summer cold. Read the proven directions in every package for headaches, pain, etc.

## A Lucky Catch

Sentry Receives \$20,000 For Saving Life Of Prince At Belgrade

One of King's Alexander's gigantic guardmen recently was given an indefinite leave of absence after receiving a reward of 100,000 dinars (nearly \$20,000), for having quite inadvertently saved the life of the 2-year-old Prince Tomislav, the second son of the King.

The Prince was playing in the apartments of his mother, Queen Marie, on the second floor of the palace, at Belgrade, when suddenly he fell from a window. The sentry, who was passing at the moment, received the full weight of the child on his shoulders. The Prince clutched the sentry around the neck and slid to the ground unharmed, but the burly guardman was knocked unconscious and crumpled to the ground.

## Poultry Going To England

A trio of Brandon birds, having high egg production records, have been shipped to Ottawa to be trained and fitted for upholding Manitoba's reputation for high production poultry at the Crystal Palace, Sydneyham, England, when the fourth world's poultry congress assembles poultry leaders from all parts of the world next July.

One-sixth of the world's supply of coal is lying almost dormant in Alberta, Canada.

## OPEN SORES

Rumble, Officers at Coleman

## Personal and Local

Miss A. Scotte of Coleman was one of the class of nurses graduated last week from Holy Cross hospital, Calgary.

A party of ladies from Coleman attended the meeting of the Eastern Star chapter at Blairmore on Monday evening.

Mrs. L. Lindoe and Miss Verna McDonald visited friends at Lethbridge on Friday and Saturday, making a very enjoyable trip by car.

A "weenie" roast was held at Beck's ranch on Friday evening by the C.G. I.T. group, and the mothers of the girls were invited as guests.

Thos. Clarke of Macleod has been appointed assistant forest ranger to J. H. Boulton, and will be stationed here for the summer.

Mrs. H. V. Hummel and son Bryan returned on Saturday from a two months visit in Toronto and other eastern cities.

Those having local news items for publication are requested to hand them in or telephone as early in the week as possible. Telephone 209.

Miss Margaret Price, nurse-in-training at the Royal Alexandra hospital, Edmonton, is home on three weeks' vacation, having completed her first year.

John Ondrik, miner at International mine, was injured by a fall of cap rock in York Creek district last Friday, and removed to hospital, where he is progressing satisfactorily. His injuries proved not to be as serious as first thought.

M. Piard, the well-known cello player of Bellevue, who has played on various occasions with Coleman orchestra, recently competed in the musical festival held at Victoria, B. C., he receiving a special request to enter in the competitions there.

Annie Blecha, aged 17 years, sister of Mrs. Pete Bahrijczak, died last Friday at Boise hospital, Idaho, from a short illness caused through blood poisoning. She lived here with her parents for several years, the family moving to Nampa, Idaho, about two years ago to take up farming.

The fire brigade was called on Saturday morning to a fire which started in the chimney of a small house on Main street just east of the creek. The inmates removed their effects, but the prompt arrival of the firemen soon extinguished the blaze with very little damage.

Mrs. M. Klish, a well-known resident of Coleman, passed away on April 16, the serious effects of paralysis causing death. She was 47 years of age, and came to Coleman from Poland in 1920. The funeral was attended by a large number of friends from Coleman and nearby towns, burial taking place in the Catholic cemetery.

### ST. ALBAN'S CHURCH

Service on Sunday at St. Alban's will be held at 7 p.m. Besides several adults confirmed at Blairmore and Coleman last week, on the visit of the Bishop of Calgary, the following juniors were confirmed: Lilian Packer, Edith Oakes, Wilma Wheatcroft, Lyman Border, Louis A. Destobel, M. Elizabeth Moores and Kathleen Hoyle.

### IN MEMORIAM

In loving memory of my dear Mother, who fell asleep March 19, 1929, in Coleman.

A precious one from me has gone,  
A voice I loved is stilled;  
A place is vacant in my heart  
Which never can be filled.  
Surrounded by friends I am lonesome,  
In the midst of my joys I am blue;  
With a smile on my face I've a heart-ache,  
Longing, dear Mother, for you.  
—Tenderly remembered by her daughter, Anna Lendicki, Vancouver, B.C.

### IN MEMORIAM

In loving memory of Tony Nicholas, who was killed at Lundbreck Falls on May 26, 1928.

No one knows how much we miss you,  
No one knows the bitter pain;  
We have suffered since you left us,  
Life has never been the same.  
In our hearts your memory lingers,  
Memories tender, kind and true;  
There is not a day, dear Tony,  
That we do not think of you.  
—Inserted by his loving parents and brothers and sisters.

## Local Players Delight Audience

(Continued from Page One)

Characteristic mien, Robert F. Barnes and Sid Short, veteran players in local productions, provoked continuous peals of spontaneous laughter and were particularly amusing while Mr. and Mrs. A. E. Graham, in the semi-serious yet comic parts as a divorced couple carried their parts with remarkable realism.

Deserving of credit for his work behind the scenes as business manager and "prop" is Maurice W. Cooke, while to George Graham credit is due for his art as the scenery designer.

The production was directed by A. E. Graham, and the hearty applause and expressions of appreciation were a tribute to his capable supervision. The faithful service of Miss Gladys Price as prompter is also acknowledged, and the entire cast are deserving of praise for the successful culmination of many hours of tedious rehearsal in order to provide an evening's wholesome entertainment. Such effort in community work is very commendable and deserving of support by the public.

### FIRST IMPRESSIONS

'Tis wonderful what an impression a visitor will receive from looking over the local newspaper. If it contains plenty of news of local activities, and a good display of local advertisements, the impression immediately focusses itself on the mind that here is a live town with aggressive people. It is for this reason that every merchant should see that his name appears every week in his local newspaper. It is a powerful influence towards maintaining goodwill and developing business.

### CLASSIFIED ADVERTISEMENTS

## Paint!

### The Modern Crusader

against dirt, disease and shabbiness. A money-saver, and a necessity if you value your property and its appearance. Paint saves you money and increases the value of buildings.

And see to it that you use only GOOD QUALITY PAINT. It costs no more than poor paint to surface exterior or interior woodwork, for the work involved, but you have a job that lasts three or four times as long.

Consult us on your painting problems. We are sure we can help you.

Our high quality paints run from 45c in 1 pint cans to \$5.25 per gallon.
